Hot Weather

The heavy rains on Monday and Tuesday last week have been followed by hot sunny weather, and crops are making rapid progress. Heads are long and heavy, and with an occasional rain from now to harvest the crops should be very good. Eye cutting will commence next week. July cutting is now in progress, and the crop is the best in years. The damage done by the storm of July 6, near Carseland, was very extensive. 17,000 acres of crop have been damaged in the territory from Dalemead to the Inding Reservoir, and the storm extended all the way to Chazy. At Glencliff the water was nearly swept by water, the creek which runs through the town inundating the streets and sweeping away sidewalks and outhouses.

Season's Rainfall
The average rainfall for the Western Section during the past four months was as follows: May 3.45, April 1.11, May 1.52, June 4.41.

Coming Events

The Women's Institute will hold their annual picnic at the house of Mrs. E. Thompson on Friday, July 24th, at 6:30 o'clock p.m. Everybody cordially invited to come and bring lawn baskets, with knife, fork, spoon, plate and cup. Races, games, and a lively time for both young and old. Supper on the lawn promptly at seven o'clock.

There will be a meeting of the Strathmore Board of Trade in the dining room of the G.W.V.A. Hall at 7 p.m. on July 20th. Business—'Welcome to Our New Business Men'. Motion by the secretary, P. J. Dunn. If you can attend, so that arrangements for supper can be made.

Wheat Pool meeting at Carseland on Saturday evening next. Mr. Watson, delegate, will be there.

FOX'S STORE SOLD

TO FORMER OWNERS
A business announcement of considerable importance is made in this issue, being to the effect that the large general store which has for several years past been conducted by Mr. H. Fox, has been sold to Messrs. Galsworthy and Fisher, who are now in town.

The store will be closed for stock taking on July 22nd, and a further announcement will be made next week. Mr. Fox has conducted a very successful business here for several years past, and now intends, with Mrs. Fox, to pay a visit to the Old Country, and possibly make a trip around the world. Messrs. Galsworthy and Fisher were in business in the same store for five years, selling to Mr. J. H. Brand in 1918. Since that time they have been partners in the business, but they have decided that the parties offer more opportunities than the Coast, and particularly this section of the prairie. They are well and favorably known from their former connection here, and will be welcome back to the district.

Municipal Convention

MUNICIPAL DISTRICT COUNCILLORS TO CONVENE IN STRATHMORE

An important gathering will be held in the War Memorial Hall, Strathmore, on the afternoon of August 6, when Reeves and Councillors of Municipal Districts within the Western Bow Valley Irrigation Block will convene for the purpose of discussing matters of common interest to the ratepayers of these districts.

The Municipal Districts represented will be Shepard, Boddington, Blackfoot, Keoma, Grasswood, and Bow Valley.

In the evening the delegates will be the guests of Strathmore Board of Trade, when supper will be served and a pleasant evening is anticipated.

WELCOME TO NEW BUSINESS MEN

On Friday evening of this week a meeting of Strathmore Board of Trade will be held in the dining room of the Memorial Hall. Supper will be served at 7 p.m., and following that will be a programme of speeches, etc., and an enjoyable social evening will be spent.

Members of the Board of Trade, or prospective members, are urged to advise the secretary, Mr. F. J. Dunn, if they will be present.

Namaka

Mr. F. M. Wattson of Kinbey, and Marcia, daughter of Mr. and Mrs. Harlowe B. Brown, of Namaka, were married in Calgary on Wednesday, July 8th. After the ceremony they departed for the groom's home at Kinbey, at which place they will visit for two weeks, when they will return here to reside.

Mrs. Dorsey, of Erickson, accompanied by her son, Bud, also Mr. and Mrs. Lorne O'Neill, of Winnipeg, Visited Mr. and Mrs. Alex Young over the weekend, after an extended motor trip from Winnipeg to Banff. They were most impressed by the ground appearance of the crops in this part of the country. Mrs. Dorsey is Mrs. Young's mother, and Mrs. O'Neill is a sister.

Mrs. Grever, of Alderson, is visiting with Mr. and Mrs. Andy Nowicki.

An Ice Cream Social will be held at Mrs. Johnson's on the evening of July 24th. Everybody welcome.

MANY ELKS VISIT PROVINCE

Several special trains conveying Elks to the province in Portland, Oregon, visited Edmonton during the past week, and were entertained to drives about the city and district. Another large party to visit the province during the past week was the specially conducted party of 110 teachers brought by the C.N.R.

License Suspended

A telegram was received from the Liquor Commissioner for the Province on Saturday, ordering the closing of the Strathmore Hotel Beer Parlor immediately, and stating that a letter would follow.

The letter arrived Monday morning, and stated that the license was suspended for a period of ten days, on account of complaints which had been received.

A petition was circulated Saturday, and largely signed, asking that the Commissioner give the Strathmore Hotel the opportunity of opening for Stampede Day.

The general opinion has been that the Strathmore Hotel has been conducted efficiently and with due regard for the law, but a conviction was registered against the hotel, and it was stated that an appeal would be lodged. A petition was circulated Saturday, and largely signed, asking that the Commissioner give the Strathmore Hotel the opportunity of opening for Stampede Day.

Keoma Notes

Mr. and Mrs. George Wilson arrived home on Friday after a six weeks tour in the west. They both look much better for the change and rest.

Miss D. Hall left Sunday for Edmonton, where she is taking a university course.

Mr. and Mrs. Tremouth, our new station agent, wife, and little daughter, arrived to take up their new duties last Saturday. We feel sure that their presence here will be a welcome acquisition to Keoma.

Keoma was very proud of its hall last Saturday, which, though as yet its complete, promises to be one of the finest in Alberta.

The town was very quiet last week, nearly everybody going into Calgary for the Stampede.

The War Memorial

The Somerville Company are at present working on the stone to be erected in front of the Memorial Hall in memory of the new Strathmore Hotel Beer Parlor.

The list of names to go on this stone is as follows:

J. S. Barker, G. H. Berry, A. Brown, J. C. Brown, M. Byers, J. Cockrell, C. Cole, R. T. Foster, G. D. Greenleaf, F. Martin, W. E. Hardee, A. Jessup, E. Jessup, E. C. Kayser, H. Lief, W. A. Garvin, J. W. McFarlan, K. McLean, C. Pope, W. Pugh, T. Robinson, R. J. Rogerson, R. Smith, W. J. Smith, H. A. Wright, A. Wilkins.

If you notice any mistakes in this list, or any omissions, bring them to the attention of the committee immediately, as the carving of the names will commence shortly.

It is expected that the Memorial will be unveiled in August.

The committee acknowledge with thanks, a donation of \$26.55 made by Mr. and Mrs. Neil Carlson on behalf of their daughter Catherine, who died recently, and whose wish it was that this money and a radio outfit should be turned over to the G.W.V.A. for the Memorial Hall.

Stampede Today

This issue of the Standard is being published prior to Strathmore Stampede, which takes place this afternoon. Prospects are for a record attendance, and a fine programme will be pulled off.

Irricana

The Church of the Brethren plan to begin a three or four weeks evening meetings in the community of Irricana. The first meeting will be held on Sunday, July 19, morning and evening, in Irricana. Rev. D. H. Peller, evangelist, assisted by his daughter, Carrie Peller, musical director.

Town Road Work

A new entrance into Strathmore has just been completed, giving a good highway into town from the Calgary-Medicine Hat highway. The road runs from the corner of the main road to the west end of Third Street. It is thirty-two feet wide and gravelled, with adequate drainage, a new steel culvert having been placed in. The total cost of the road will be around \$1,000.

A new steel culvert has also been put in between Irrigation Headquarters and the railway, and the road fixed at a cost of between \$400 and \$500.

In addition most of the streets have been dragged, and part of Second Street graded.

The Council made an appropriation of \$2500 for this work, and it is hoped that this amount will be sufficient to complete the programme laid out for this year. The improvement of the entrance into town was certainly needed.

Considerable discussion took place at the Town Council meeting regarding a bill rendered by Councillor Bailey, who is chairman of the Public Works Committee, of \$80 as foreman. Councillor Keeling thought that the work should have been done by contract, and he stated that he had complained to the legality of a Councillor charge for work done on behalf of the town.

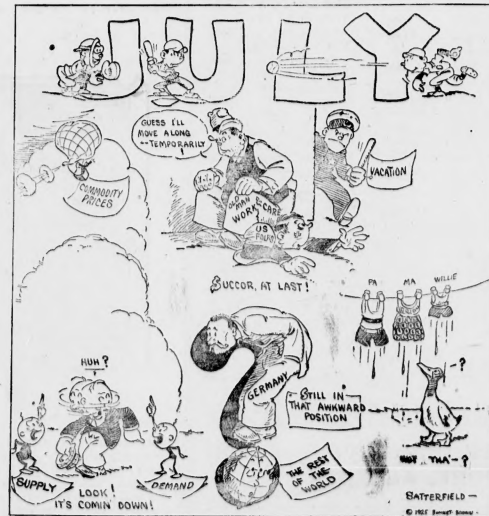

The question of the legality of Councillor Bailey's account was referred to the Town Solicitor, Mr. T. M. Wears, who said he could not give an opinion without considering the matter. This bill was therefore held over, but the other accounts were passed. The Council agreed to make a donation of \$25 to the G.W.V.A. for the Stampede prize hat.

BUFFALO BOY

SCOUTS ON HIKE

Two boy scouts from Buffalo, New York, Edward Matthews and Winston Bell, who left that city June 16, reached Edmonton, Alberta, the past week. They have made 10 to 15 miles a day walking, and have also been assisted by autoists along the road.

Now Dix is a star! See his first starring picture and you'll say he's the real thing! Ready to take his place beside Valentino and Meighan in your gallery of favorite screen stars.

Memorial Hall, Sat. July 18

M. D. Grasswood Meet

A regular meeting of the Council of the M. D. of Grasswood, No. 248, was held on July 10; all members being present. Minutes of previous meeting were read and approved as read.

Mr. J. A. Campbell was present at the meeting to discuss the road which has been surveyed around the lake in Section 12-26-21-4. The Council decided on motion that the proposition as proposed by Mr. Campbell would be investigated by the whole council, and the council to meet on July 12th at 7 o'clock at this place.

Weed Notice

Mr. Weston, the provincial weed inspector, being present at the meeting, the question of destruction of weeds, and also preventive measures for weeds, was fully discussed. The council agreed that if some drastic measure was not followed out to keep the weeds in check, in the opinion of the council, a good many farms would have to be abandoned if some systematic system of farming is not adopted whereby to keep weeds under control.

The council then adjourned for business. Pursuant to adjournment, the Council called to order at one thirty.

Mr. H. O. Hart, of Rosebud, being present at the meeting, pointed out to the Council that the road known as the Hart culvert was in bad shape, and due to the fact that an accident had occurred on the road, some work should be done on said culvert. The council then moved that Councillor Brunner would give this matter his best attention, and if possible, to put the road in shape.

Horse Killed

Emil Cammareri reported to the council on behalf of Miss S. Cammareri, that one of their horses, while working on the road, was so injured that he had to be killed, and he demanded that the council would settle for same. The council then decided to authorize the secretary would lay this matter before our solicitor and ascertain if the council was liable in this case, if so the horse would be paid for its value, if its value, if the council was not liable, then, of course, they would not agree to settle for it.

A communication was read from Mr. M. B. Maybee pointing out to the council that Mr. Vanhisher was about to move or take up fence which was on the south side of the road allowance between sections 25 and 36-27-21-4, running east and west. It was moved and carried that due to the fact that the council placed the fence on the north side of said road allowance in lieu of the fence which was on the south side, therefore, Mr. Vanhisher had no claim on the fence at the south side of the road, and the secretary was instructed to write Mr. Vanhisher of this fact.

Tax Levy 5 1/2 Mills

The expenditure for the year 1925 was then taken up, and the following resolution was passed: "Whereas the estimated expenditure for the year 1925 to meet current expenses for the M. D. of Grasswood is \$23,071.04, and the assessment amounts to \$6,014.02, therefore, be it resolved that the secretary-treasurer is hereby authorized to levy the rate of 5 1/2 mills on the dollar on all lands as shown on the last revised assessment roll for the purpose of meeting said estimate expenditure." It was on motion decided that each councillor is hereby authorized to spend \$1,000.00 in addition to the amount passed at the previous meeting for road purposes.

The question of the Rosebud cemetery was then discussed, and on motion decided that the cemetery be surveyed or partly surveyed, and a road diversion made to lead to the cemetery.

Redlands Crossing

The secretary reported that Mr. Parks, the C.N.R. divisional engineer (Continued)

HAVING DISPOSED OF THIS BUSINESS TO MESSRS GATENBY & FISHER, STORE WILL BE CLOSED ON WEDNESDAY, JULY 22, FOR STOCKTAKING. FURTHER ANNOUNCEMENT IN THIS SPACE NEXT WEEK.

STRATHMORE, ALBERTA

Standard Notes

Mr. and Mrs. Hober, of Rockyford, arrived in Standard on Friday, and will spend the summer at the home of Mr. and Mrs. D. MacLeod. Their son is recuperating after a serious operation in the Bethel Sanatorium, Calgary.

Among those who attended the Calgary Stampede last week are: Mr. and Mrs. L. Christensen and boys, Mr. A. V. Smith, Mr. S. Hansen, Mr. Rudolph Turquist, Mr. and Mrs. E. Wirt, Miss G. Staufferman, Mr. and Mrs. J. P. Hansen and family, Mrs. Hartigan and boys, Mr. Anthon Rasmussen, Mr. John Johannsen, Mr. and Mrs. C. R. Kidd, Mr. and Mrs. F. Giberson, and many others.

Mr. and Mrs. C. T. Tapp and daughter, Betty, of Calgary, spent the week end visiting Mr. and Mrs. F. D. Knowlton.

Mr. L. H. Lavridsen has installed a windmill and water system at his town residence, which will add greatly to the value of his already beautiful property.

The splendid crop of last week has greatly benefited Standard's wonderful crops. It came at a very opportune time and much of the wheat had begun to dry out near the soil, but all crops look better than ever now, and every one is very optimistic regarding the out turn this fall.

We hear that Mr. E. A. Wagner has purchased a new Jewett car. The Jewett is a new car in this district.

If anyone should doubt that Standard is the most prosperous town of its size in Alberta, just let him walk down main street on Saturday night and see the lineup of beautiful cars. McLaughlin Touring, Coupes, McLaughlin with winter tops, Essex Coachs, Chevrolet and Star Sedans, many expensive touring cars and a goodly number of Fords, both closed and open. Standard has them all beaten.

Mr. J. P. Gorrill is in Edmonton at present on the staff of examiners, who are marking examinations in Edmonton.

Don't forget the Standard Sports Day on July 17th, with its horse and foot races, its big baseball games, its football game, its passenger aeroplane, its big fourteen-piece brass band from Calgary, and last, but not least, its big dance in the evening. Everyone is preparing for the big day, and everything points to a huge success. Come on - let's go!

ALBERTA EXHIBITORS WIN

Alberta dairy exhibitors at the Bureau Exposition just closed captured 31 of the prizes offered in the various dairy classes. In the livestock department at the same exposition, Alberta exhibitors were also heavy winners.

LOCAL JOTTINGS

A former subscriber in the States, who some time ago discontinued the Standard, writes sending in a year's subscription and states: "we thought we could manage without the paper, but decided we had better subscribe again for another year." This is the sort of letter that makes glad the heart of the editor.

Mr. H. W. Wetherill and his crew caught by the flywheel of a gasoline engine on Wednesday, and was somewhat severely bruised.

Young Tommy Khmetoff dived off the bridge near Nightingale. While going down he struck a plank, which ripped his leg severely. He was attended by Dr. Moore, and is now getting along nicely.

Mrs. Stangier has just arrived at her son Frank's place after an extended trip, in the course of which she visited Florida, Bermuda, and Germany. She will stay here until after harvest, visiting with Mr. and Mrs. Frank Stangier and family.

Mrs. Stangier, who formerly resided here for a number of years, is very well pleased with the year's crop, and states that throughout all her travels she saw nothing to equal Alberta. On her way back she visited in Minnesota, Iowa, and several other states, and says she would not trade for land in Alberta land in any of these states, and this district especially, she says is the best that can be found anywhere. Mrs. Stangier does not speak from parlor car observation, for she travelled over seven hundred miles by auto on her way out here.

Don't forget Nightingale Sports on the 22nd, next Wednesday. The committee have got up a fine programme, and a great afternoon's sport is assured all who attend.

A big Stampede will be held at Cheaters Lake on Wednesday, July 22nd, under the auspices of the Cheaters Lake Community Association. A fine programme has been arranged, and everyone is assured a good time.

Archie McLean and his merry men of Nightingale and district want to see you out there next Wednesday.

Cardinal U.F.A. annual picnic will be held at the Bow River on July 28th. A good programme has been arranged, concluding with fireworks and a grand dance in the evening.

A sample of wheat grown from seed imported from Holland last year by Mr. V. M. de Jong is being exhibited in Mr. L. R. O. Lohmeyer's window.

All the bucking was not done at Calgary Stampede last week. Some of the folk travelling over the main auto road around Cheaters Lake did some high and fancy movements.

The Samson Rotary Rod Weeder is being demonstrated at Messrs Swenson and Boyles farm by Mr. J. W. Arnold all this week.

The Council of M. D. Bow Valley met on Monday evening. A report will be published in next issue.

HOT WEATHER COSTUME? NO-A FANCY BALL DRESS!

Not so easy to give you the story about this picture. Photographer just brought it in and said it was Miss Isabelle DeLong as she appeared in a prize-winning costume at the Green Motu Ball held in Chicago. "And," he added, "she made quite a hit with it!"

So that is about all there is to it. Not being an expert on dress fashions, we can't give you the name of the materials used in it. One thing is certain. They didn't waste any yardage in making it. It's about all anybody would like to be wearing these warm July days.

OF LOCAL INTEREST
• Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard, Phone 17 or 68.

The Holstein herd of the C.P.R. Demonstration Farm at Strathmore was very successful at Calgary Exhibition, winning the reserve championship for senior bulls, the reserve championship for two year bulls, and many other prizes. The Strathmore herd also won honours at Brandon and other fairs in the Western circuit.

Dick Cogrove, Strathmore's Stampede manager, had the honour of winning second in the consolation bucking contest at Calgary on Friday. The horse was Surprise, and it was stated to be one of the best rides of the afternoon.

The C.P.R. Demonstration Farm were winners in the Hampshire Sheep classes at the Calgary Jubilee.

Mr. and Mrs. Adam Van Tighem are rejoicing in the birth of a daughter on Tuesday.

What might have been a bad accident happened near the railway crossing two miles west of here on Thursday, when Mr. and Mrs. McDonald, of the Fred Manix place near Rockyford, were thrown out when their car over-turned. The cause of the accident was that the front axle bolt came out. The car was completely overturned. Mrs. McDonald was unconscious for some time. They were taken into Strathmore and attended by Dr. Giffen, and were afterwards able to proceed on their way.

Don't forget that Langdon Fair comes off on July 25th. Langdon deserves support for having carried on with their fair when other districts on this line have had to quit, and are offering a good prize list, and a fine sports programme.

Strathmore G.W.V.A. held a special meeting on Monday evening to make final arrangements for the Stampede.

Calgary Stampede and Jubilee management deserve great praise for the fine programme they put on all last week. There was not a dull moment anywhere in the programme.

The lake in the Park is now being well patronized. It was recently drained, cleaned, and refilled, and is now in fine condition for swimming and bathing.

Right Rev. J. T. Kidd, D.D., Bishop of Calgary, was in Strathmore on Sunday, and held Low Mass in Sacred Heart Church at 10 a.m., confirmation service following immediately thereafter. The sacrament of confirmation was very pretty and impressive, and there was a very large congregation.

Dalemead

It is safe to say that practically everyone took in the big Jubilee Exhibition and Stampede at Calgary last week and not a small percentage took in the parade on Monday, which so vividly illustrated Calgary, past and present. It was worth the trip.

A destructive hail storm passed through the district on Monday, July 6th, leaving in its path leveled fields of grain. Fortunately some of the farmers had their crops covered by insurance, but there were also those not so fortunate.

Mrs. W. Gilbert returned last Tuesday, July 7, from an enjoyable holiday of seven weeks to Toronto and other places of interest and beauty in Ontario.

Mr. and Mrs. L. C. Hiatt and family, after travelling some five thousand miles to Nebraska and other states, returned some time ago.

Here and There

The popularity of the Nova Scotia apple is rapidly growing in Europe. 1,103,980 barrels and 8,668 boxes were shipped in 1924-25 to ports in England, Scotland and Germany. Shipments also went to Newfoundland, West Indies, Central Canada and the United States.

Production of sugar beets in Canada during 1923 amounted to 153,200 tons, valued at \$1,922,458, and grown on 17,541 acres, according to the Bureau of Statistics. 6,000 acres have been planted to beets this year in Southern Alberta, due to the establishment of a sugar beet factory.

Milton Sills, the well-known movie actor, with a company of 32 other screen artists, passed through Strathmore recently to take scenes in "The Come Back" in which he is featured. The party went to Beauchamp, in Northern Quebec. Travelling by another train was a mother skunk and five kitten skunks which will also figure in the picture.

The 286 passengers on the Canadian Pacific S.S. Empress of France completed their 30,000-mile tour of the world on Saturday, May 23, when the vessel docked at New York. At their last stop at Havana, President Machado of Cuba invited the passengers to attend his official inauguration and to witness the unveiling of a statue to the preceding President.

Another aristocratic rancher recently passed through Montreal on a return visit to the ancestral estates in Transylvania, Hungary. This was Baron Josef Cavoschy who, with his brother Andre, took over a 1,600-acre ranch last March near Cochrane, Alberta, on the Bow River. Incidentally the Baron was a passenger on the Trans-Canada on its first return trip of the season from Vancouver.

The Indian Day Celebration at Banff, it is announced, will take place as usual this year on the third Thursday and Friday in July. Preparations are already under way for this event, which enjoys an enviable reputation as an Indian show. The Stony Indians arrive in large numbers for their reservation to take part in the ceremonies, which are the 23rd annual celebration of the function.

Edward G. Taylor, one of the best known game fishermen on the continent is authority for the statement that New Brunswick is losing none of its lure as a fisherman's paradise. Just back from a trip to the Chignecto River, N.B., Mr. Taylor said salmon were steadily increasing in numbers and size in the province. He added that he had caught on this trip a salmon 42 inches long and weighing 24 lbs. In the autumn such a fish would likely weigh up to fifty pounds.

The following story is told of Sir William Van Horne, first president of the Canadian Pacific Railway and a Major Rogers, who was in charge of the supplies for men working along the track. Van Horne said: "Look here, Major, I hear your men won't stay with you, they say you starve them." "That's so, Van." "Well, I'm told you feed 'em on soup made out of water flavored with old hare canvas covers." "That's so, Van, I didn't never have no hare." "From 'Canada's Great Highway,' by J. H. E. Seaman.

Social Personal

The death took place last Wednesday of Mrs. H. Bieber, wife of the station agent at Banff, to the great regret of her many friends. Her husband was at one time in the employ of the C.P.R. at Strathmore.

Dr. and Mrs. T. W. Moore are rejoicing in the birth of a daughter Monday.

Dr. Hopkins, who has been seriously ill in Calgary Hospital for some weeks, past, was removed home on Monday. He is now doing better.

Mayor Bell is still out throughout the Province adjusting his insurance for the U.G.G. and the Car and General.

Mr. and Mrs. W. L. Woods and daughter arrived back from California last Friday after several years absence. They state they find Alberta's best after all.

Mr. Geo. Webb, of the Banner Hotel Standard, was a visitor to Strathmore on Saturday.

Mrs. Zerke was a guest at the luncheon given at the Palliser last Thursday for Countess Hall, and had the honour of shaking hands with the Countess.

Miss Esther Zerke, who was the successful candidate for the Albertan in this district, was delightfully entertained by the Albertan staff during the Stampede week. Besides being entertained each day at the Stampede, they were guests at theatre parties at the Grand, Capital, and Allan Theatres; also were introduced to the big cowboy actor, How Gibson, and had their pictures photographed with him, which appeared in Monday's edition of the Albertan, and which will appear in a film movie later on. They were also guests at the big ball given at the Palliser Hotel.

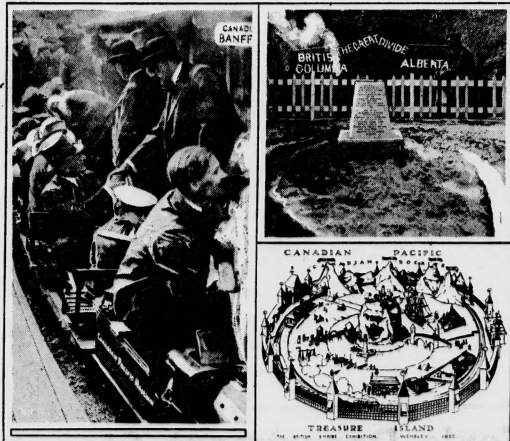

Mr. and Mrs. Gatenby and Mrs. Fisher have arrived back to Strathmore from the Coast, after having been away since 1918.

GOVERNOR-GENERAL GOES NORTH

Lord Byng, Governor-General of Canada and Lady Byng, with official party, left Edmonton, Monday, July 13, for the north and will make the round trip to Akhvik on the Arctic Ocean. Premier Greenfield, of Alberta, who was to have been a member of the party, will not be able to go on account of pressure of business.

Read the Advt.

A Wonderland for Children at Wembley

Vicount Jellicoe, former Admiral of the British Navy during the Great War, shaking hands with Sir George McLaren Brown, European General Manager of the Canadian Pacific Railway, at the miniature Banff Station and seated on the miniature C.P.R. train which takes travellers around Treasure Island. Viscount Jellicoe is remarking: "This is but another of the great things the Canadian Pacific is doing and I am sure that the Canadian Pacific trains are going to prove in conjunction with the wonders of Treasure Island one of the drawing cards of the (Wembley) Exhibition." The engine which draws this train is a replica of engine No. 2200. The island is intended most of all to delight children who obtain views of a sandy beach on which Robinson Crusoe and Man Friday disappear themselves. There, too, the children dig in the sands to their hearts' content and there are caves and Noah's Ark with chains of moving animals; pirates and seventeenth century ships; characters out of fiction such as Pan and Wendy, Long John Silver and Jim Hawkins, Tweedledum and Tweedledee. The train passes through the Cannagat tunnel and winds in and out of the Canadian Rockies through the Great Divide. There are realistic scenes of Banff and Lake Louise and a park of wild animals with a train of sand which children climb by pony tracks to the summits of many famous peaks in the Canadian Pacific Rockies.

IRRIGATION ASSOC. CONVENTION
In connection with the Nineteenth Annual Convention of the Western Canada Irrigation Association, which is to be held at Kelowna, British Columbia, July 25, 26 and 27, a special Convention number of the Association's official publication has been issued. This issue contains a number of valuable articles in connection with irrigation matters, and also particularly concerning the arrangements for the Convention, which returns to Kelowna after an absence of thirteen years, the last Convention held there being the Sixth in 1912.

Irrigationists To Meet

NINETEENTH ANNUAL IRRIGATION CONVENTION
KELOWNA, B.C.—Elaborate preparations are being made for the Nineteenth Annual Convention of the Western Canada Irrigation Association, which is to be held here July 25th, 26th and 27th. A strong committee consisting of members of the City Council and the Board of Trade has been formed to look after the local arrangements. Visitors are expected from the irrigated areas of Alberta and Saskatchewan, and also from the various irrigated areas in British Columbia. Steps are being taken to see that plenty of accommodation will be available for everybody, and that the visitors' stay in Kelowna will be as enjoyable as possible.

The Executive of the Western Canada Irrigation Association has prepared an excellent program of addresses and discussions on irrigation topics of particular interest to all connected with irrigation development in Western Canada, and leading authorities in irrigation matters in Western Canada and from the United States will participate. The local committee is arranging a grand tour of the Kelowna district, in which some of the most beautiful and most productive orchards in the Okanagan Valley are to be found. This will take place on the last day of the Convention, July 27th. On the return to Kelowna from the grand tour the delegates and visitors will be the guests of the Mayor and City Council at a civic banquet and dance.

Cheadle

Mr. and Mrs. Ernest Falkner and family, of Kallispell, who were visiting at the Dogue farm, near Cheadle, have left for their home. They toured Banff and attended the Stampede in Calgary during their visit here.

Mrs. Joseph Fontaine, and daughter, have returned from Calgary, where they attended the Sacred Heart Convent during the winter months.

Irricana Lodge

Is Dedicated

The official dedication of Irricana Masonic Lodge took place yesterday afternoon, the ceremony being performed by Grand Master Caruthers of Lacombe, and other members of the Grand Lodge. Besides the local brethren, a large number of visiting brethren were present. A full report will be given in our next issue.

CARD OF THANKS

Mr. C. Garfield and family wish to thank their many friends who helped them, also for floral tributes and tokens of sympathy in their recent sad bereavement.

M. D. GRASSWOLD MEET

(Continued from another page)
but submitted the case plan and suggesting that the council would approve same, which plan was to move the residence existing at Redland east to the regular road allowance crossing, at the same time a petition signed by at least 25 ratepayers was read, petitioning the council that the crossing should remain at its present site. The following resolution was then passed: "Whereas the C.N.T. will not consent to have the present crossing at Redland established as the public crossing, and whereas a petition was presented to the council signed by at least 25 ratepayers protesting against moving the crossing from its present site, it was therefore resolved that the council put this matter before Mr. J. C. Macdonald, Commissioner, for that decision."

The secretary was on motion instructed to order two sets of six foot clubs (one snow fence, one car to be shipped to Rosebud, and the other to Tudor, half to be unloaded there, and the balance to be reloaded to Standard. A communication was read from the Salvation Army. No action was taken. A communication was read from the M. D. of Bow Valley, and the secretary was instructed to notify them that a delegate would attend.

A communication was read from the City Calgary Hospital relative to the hospital bill of Jennie Garlock amounting to \$66. The secretary was instructed to communicate with Mr. Rudman and ascertain if this party was a resident of this district, if so the bill was to be paid.

A communication was read from Brownlie, Male, Rankine and Hall in connection with the bridge on Section 11-27-22-4. It was on motion decided that the council could not recommend their former decision re this bridge, which was that they could not recommend a bridge at this point to the government.

Langdon

Monday was declared a civic holiday, by the "city fathers" and everybody "stampeded."

Mr. and Mrs. Harley, of Chicago, relatives of Mr. and Mrs. V. E. Dye, spent a few days in Langdon on their way to the coast.

Richard Grims, Howard Wilson and John McIntyre are in Banff for the summer.

Five of the girls from the Langdon "W. I. Girls' Club, chartered by Mrs. F. G. Fulton, Mrs. E. T. Moo, and Mrs. S. Scott, motored to Banff last Tuesday to attend the convention of the Alberta W. I. Girls' Clubs held there Thursday, Friday, Saturday, and Sunday. The Langdon Club won the prize donated by Mrs. R. C. Marshall, of Calgary, for the best report of the year's work.

Mr. F. G. Fulton, Mr. E. Moo, and Mr. S. Scott spent several days with their families in Banff.

Mrs. F. Barber, of Portland, Oregon, is visiting her mother, Mrs. H. W. Whitman.

Mr. and Mrs. W. Alcock and children are motoring round the Wintergreen.

Mr. and Mrs. Harrington, of Bernton, Pennsylvania, are visiting at the home of Mr. and Mrs. A. T. McIntyre for several weeks. They spent the week-end in Banff.

Marcel Henderson and Kenneth Gray who took the Primary Examination of the Toronto Conservatory of Music held in Calgary in June, passed with first-class honours: Katherine McDonald Brown, Victoria Barron and Victoria Alcock, who took the Elementary Exam, passed with first-class honours; and Sandy Brander, who took the Introductory, passed with honours. Their teacher, Mrs. J. Brander is deserving of very high praise as very few pupils receive such high marks.

Mr. and Mrs. A. McNeil and children are in Toronto for their holidays.

Mr. F. Lewis, who left and brook his big trip a week ago, and whose health had been falling for some time, died at his home near Langdon Friday evening. Funeral services were held at the Foster and Foster funeral home Saturday evening, after which the body was taken to Indiana for burial.

Mrs. Lewis and L. Lewis and wife accompanied the remains to their old home. The sympathy of all goes out to the sorrowing relatives in the loss of a kind husband and father.

Mr. G. E. Moo, of Glasgow, Mont., is a visitor at the home of his brother, E. Moo.

Toy Cowen, E. Moo, and R. Cole were Strathmore business visitors on Monday.

TEN MEDALS AWARDED STUDENTS OF A CALGARY BUSINESS COLLEGE

As a result of a typewriting test given to the students of the Hollingshead Commercial College, the students mentioned awards have been received:

Silver Medals
Margaret Wright, Phyllis Pearce, Evelyn Moore, Elizabeth Elliott.

Bronze Medals
Rhoda Middlemiss, Mildred Henderson, Hilda Anderson, Evelyn Moore, James Middleton, Elsie Madson.

It will be seen that the quality of typewriting instruction at the Calgary Business College is of a high grade, and employers need not be compelled to tolerate indifferent typewriting. The above mentioned are all students in attendance at College. The possession of the above awards denote a high standard of skill in typewriting, and are of great assistance to a commercial career.

Bases full. Two outs. Two strikes and three balls on the batter. What should he do?

A number of bills were then on motion allowed and ordered paid.

Rockyford

Mr. W. T. Cochran has been getting
some fine bouquets of sweet peas from
his garden for the past three weeks.

Crops throughout Rockyford district
are looking fine at present, and mer-
chants are already feeling the effects
in advance orders for harvest sup-
plies.

The heavy rains last week flooded
the cellars of the Rockyford Drug
and the Hotel, and cavestraining is
being placed on both buildings to ob-
viate the possibility of this happening
again.

M. D. Grassewold are putting signs
on the roads throughout the Municipality
to direct travellers.

Since the Rockyford-Tudor road
was dragged following the rain it is in
good shape. The road now runs
straight through Tudor, doing away
with the diversion. The business
section of the town moved to meet
the road.

Next Sunday Rev. C. H. Huels,
M.A., D.D., will occupy the pulpit at
Crowfoot, Tudor, and Rockyford. Dr.
Huels is a well-known preacher, and
we trust that there will be a large
congregation to hear him.

Rev. C. E. Rogers is spending a few
days holiday at his old circuit at High
River.

Wanda James Kirby was baptised
in Rockyford Union Church on Satur-
day, also Gordon Rex and Margaret
Marie Horn at Tudor.

Ashes and new tapes have been in-
stalled at the church tennis court, and
any person is free to use the court
free of charge.

Mr. A. L. Long is back from his
holidays.

Mr. A. Law Miller, of the Bank of
Commerce Street, is on his annual
vacation.

Mr. Ed. Carlson, living south-east
of Rosebud, was severely kicked by a
horse yesterday, having a couple of
ribs and collarbone broken. He will
be laid up for at least a month. Dr.
Denovan attended.

Dr. M. E. Triffin left yesterday morn-
ing for Kimberley, B.C., where he is
taking up practice.

The Union Church Sunday School
had their annual picnic to the Men-
nonite Valley on Tuesday afternoon,
and a fine time was spent.

Mr. W. Carpenter had finished a fine
new workshop as part of his store.

The new brick building erected by
Mr. L. L. Plotkins is now ready for
occupancy.

Watch Rockyford grow!

COAL SHIPMENTS**START TO ONTARIO**

First shipment of 25,000 tons of Al-
berta coal to Ontario was started dur-
ing the past week, by government
authorities on the costs of handling
this shipment, but it is expected that
the Canadian National Railways will
check up the costs. The coal is being
supplied by mines in the Edmonton,
Pembina and Three Hills districts.

Here and There

The number of men from major
cavalry regiments in the Hunchback
of Notre Dame is 2,500. This
figure is larger than the total for
any year, except last year when the
great number for the whole twelve
months were 24,543. The estimate
for the present year is half a million.

The mines and quarries of the
Province of Quebec produced to the
value of \$19,552,895 during 1924,
according to the final report issued
by the Provincial Department of
Mines. Building materials account
for \$11,380,977; other non-metallic
minerals \$2,181, and metallic min-
erals \$598,944.

"In the Cascades and falls of the
Canadian Rockies there is enough
hydro-electric power to supply the
American west with all the electric
energy it will need for ages to
come," declared W. Paxton Little,
treasurer of the Niagara Falls Power
Company, who recently visited Banff
with a party of distinguished Ameri-
can electrical magnates.

That the Province of Quebec
abounds in historic and romantic
material for the construction of
popular novels, is the judgment of
two popular writers—James Oliver
Curwood, author of scores of best
sellers, and Edwin Balmer, well-
known short story writer—who have
recently toured the province and
Western Canada in quest of "local
color."

There has been an unusual dis-
tinction conferred upon Prof. Cam-
ille Couture, a Montreal musician,
who, besides being a violinist is also
a maker of violins. He has been
honored with a medal and diploma
from the British Empire Exhibition
at Wembley for a magnificent violin
of his make, which he exhibited
there.

FIRST SHIPMENT OF SALT MADE

The first shipment of salt from the
new salt wells of the Alberta Salt Co.
below Fort McMurray on the Atha-
basca River, came from the north last
week. The plant is producing about
25 tons of salt per day.

A Point of Law

Strathmore Town Councillors have been discussing the legality of one of their members presenting a bill for work done on the roads.

The practice of members of the Town Council deriving any benefit might be construed as a pecuniary advantage from their service is one that has not come up in the Town Council in the past, and the solution was not prepared to give an opinion on its legality. No one will question Councillor Bailey's motive, but a precedent thus established might lead to trouble in the future.

In Municipal Districts Councillors are paid for supervision of roads and for mileage incurred in connection with Council work, and in cities the Mayor is usually paid a salary, but these payments are covered by statutory enactments. There is nothing similar in the Town Act.

Gloomy Herbert

The special correspondent of the Calgary Herald in London, England, is fond of looking on the dark side of things. We surmise that he has corresponded for a number of other newspapers throughout Canada, which makes the offence all the worse. At the same time, he seems to be aided and abetted by the headline writer for our esteemed contemporary. One day last week we read in the Herald a depressing account of conditions in Great Britain. The headline man did his little bit by a statement that "pessimism blanketed the whole country." Only on Saturday the prominent feature from Herbert was that an Anglo-Japanese Treaty was contemplated. When the Wenbury Exhibition was opened this spring the main feature of it, according to Herbert, was that there was some dispute as to the participation of half a dozen Mounted Policemen. And yet the opening of Wenbury this spring was one of the most impressive spectacles that has ever been witnessed in the world's greatest city.

At the same time, we have read articles in the Herald complaining of the commensurate of Old Country papers on Canadian trade conditions, also of their comments on political conditions. As a matter of fact, conditions in Britain are not at all bad in Great Britain. The recovery from the war has been marvellous. The return of the pound per is a significant indication of business conditions. Some industries, such as coal mining, are in bad shape in Britain, but they are in bad shape here and in the U.S.A. On the other hand, ship building was better in 1924 than 1923, a normal pre-war year. Britain has tackled the unemployment situation by an unemployment insurance scheme. It has its defects, and the unemployment payment is sometimes described as a dole, but it is a start. Unemployment is a problem of modern industrialism all over the world.

In Canada we have not tackled it in any definite way, but we will have to sooner or later. The building industry in Britain is better now than it has ever been. So is the electrical industry, and various others could be mentioned.

There are a number of writers in Fleet Street, such as Herbert Bailey, who are good on small talk, and at magnifying a grouch, but someone with a larger outlook than that should be doing staff work for Dominion newspapers.

Condition of the Main Road

The ways of Government Departments are meeting since even the ways of Farmer Government departments. Several years ago a good gravelled road was made from Calgary to the east side of Chesterhead. The promise was made that the road would be continued east to Strathmore, and ultimately to Medicine Hat. Last year the remainder of the road was not regarded on the ground that it was going to be done thoroughly this year. But this year, instead of making a good road of the east portion, the Government tears up and regrades that portion of the road which has previously been gravelled, and does practically nothing on the eastern portion. The consequence is that the portion of the road from north of Langdon to Calgary is so rough that nearly every motorist goes several miles out of his way to avoid it, while the portion from Langdon corner to Strathmore still has about half a dozen waterholes after a week's dry weather.

Observing the Liquor Act

The new Liquor Act while it allows greater freedom to the individual, provides very heavy penalties for abuse of that freedom, and under Commissioner Duggan the Act is being observed without fear or favour, which is as it should be. The innocent suffer with the guilty, though, in some cases. The man who becomes intoxicated in a public place, while he draws the penalty of the law on himself, also draws it on the individual citizens of selling him the liquor. There is no excuse for intemperance under the present Act, or under any other Act for that matter. Intemperance has greatly decreased under the present Act, as compared with the so-called prohibition Act. If you want to see the present Act maintained, citizens will have to lend their moral support to hotel keepers by discouraging noise in beer parlours, and hotel keepers will do well to refuse to supply men who are known to be of intemperate habits, even although they may be sober at the time they put in their order.

The first lot of buffalo, numbering some 200, to be transferred from the Wainwright Park to the new Buffalo Park, north of Edmonton, left Wainwright, Alberta, recently. For some time past the herd at Wainwright had been growing too rapidly and the Federal authorities decided to ship a number to the southern area. Altogether two thousand buffalo, in lots of two hundred each, will be shipped to the Buffalo Park.

ANNOUNCEMENT

Having sold the Strathmore Pharmacy business to Mr. S. L. Eversfield, we wish to take this opportunity to thank the public of Strathmore and district for the support they have given us during our years in business here, and would ask for a continuance of that support to our successors. All accounts owing to the Strathmore Pharmacy may be paid to our credit in the Union Bank. H. McKECHNIE & SON

Slats' Diary

Friday—well this has been a very
hard day for me. I had to mow the
yard all over and rake the leaves
and then I had to trim all around the
fence and the trees and the
etc., and then I had to
wash up my neck and
ears and my teeth. The
only time I get to rest
here lately it seems
like is when I am in bed
trying to find some thing
else for me to do. Like
a mother job or sum
thing.

Saturday—I rode a
pretty good piece and
sent it to Jane today.
I haven't had to work
from her yet weather she likes it or
not. It went

Yure Silky lockt shine like a nice
black shoe

Yure pritty slipped it, are just
lumene.

If you will say the Wind I'll stick
like Glee.

Yure eyes looks like a Pansy in the
corner of a bob wire Fence.

Sunday—well I wanted to go out
the ford and go out along the creek
and eat and swim and na she wanted
to go to the theatre and pa wanted to
go to golf and Ant. Banny wanted to
go to church. The only 2 things
that agree here at this house is 2
calendars which happens to both be
for 1925.

Monday—Well, I was in the drug
store today a tad cums in and eat for
sum Lows powder for her chickens.
Mr. Althart sed. What kind Madding,
and she replied and sed. Why they are
Pimoth Rocks I think they are.

Tuesday—I was excited to go and
play base Ball today but I was to
tired. I guess ma was surprised, she
sed if I didn't get over soon so lazy
at one of these here days I would get
a rested for Praxancy.

Wednesday—pa treated he and I to a
pitcher show tonite, and he bot a
dimes worth of peanuts. We had a
lovely time. I just love to see in a
show and squeak peanuts. In my
fingers.

Thursday—Went to see a grand
opera singer tonite. When we cum
home ma was saying she diddnt like
her sonnetation very well. Ant. Banny
sed she thought it was of been all right
and she thought it was a little less red
in it and it hadden a ben so low in the
back. And short.

Friday—Went to see a grand
